

БАВАРСКИЕ ЛЬВЫ – ЛЕВ

Бело-синяя (левая лапа поднята)

Эскиз: Эрнст Андреас Раух, 1948 г.

высота 8 см · Арт. № 01.529

Left or right? Not an issue in Bavaria! After all this is a Free State. So, it is left to the collector to decide whether he prefers this just eight-centimetre-tall porcelain lion with his left or his right paw raised. The design by Ernst Andreas Rauch from 1948 comes in both versions. The best option: take the pair! It shows both political and aesthetic class and that the collector has a sense of humour.
